

AQUA-SIL

"Water base Silicon Repellant"

DESCRIPTION :

Aqua-Sil is a high solid concentrated water based silicone solution for Excellent Water Repellant properties to the Building envelopes without changing its aesthetic looks.

RECOMMENDED FOR :

Water Repellant properties to Exterior masonry, bricks, concrete walls.

ADVANTAGES :

- Single component (simply add water 1:12).
- Highly Repell Water so does not allow bio ingredients to grow.
- Excellent breathing Properties with Extra Ordinary Repellancy.
- Non toxic.

MIXING :

Aquasil usually Diluted to a concentration about 3% solid just prior to application. To prepare a 3% solution, mix 1 ltr. of AQUASIL to 12 ltr. water. This 13 ltr. solution will cover 250 to 500 sq.ft. depending of the porosity of the substrates.

PACKING :

Aqua-sil is available in 5 / 10 / 20 Kgs.
